

BUNN[®]

AutoPOD[™] BREWER

Commercial-grade single-cup system with the convenience of automatic pod disposal

Choose from a wide variety of beverages including coffee, tea or hot chocolate, freshly brewed on demand. Have a cup of perfect coffee in less than a minute, thanks to the AutoPOD's pre-infusion and pulse brew features.

Features step-by-step operating instructions on LCD display and easy pod placement.

The AutoPOD

automatically disposes of spent pods and can store up to 25 used pods. The brewer's low profile (under 17"), large-capacity drip tray and integrated cup booster for travel mugs add to its appeal for use anywhere you need a cup of coffee, tea or other hot beverages.

Combine the AutoPOD with the attractive, optional Brew Station to provide the complete single-cup solution.

Maximize your coffee program profits with the BUNN Brew Station

(optional racks, AutoPOD and accessories sold separately)
